

STRYBUC INDUSTRIES is proud to announce that we have acquired most of the inventory and have access to virtually all parts used by

of Quincy, Michigan.

Acorn was a national manufacturer of double hung, slider, projected, casement, awning windows and aluminum patio doors.

After being in business for over 40 years, the company has recently been liquidated.

There are virtually millions of Acorn windows and doors installed through out the U.S. Please contact your Account Manager with any request for replacement parts and manufactured screens. Refer to the Acorn series and part number you require and we should be able to cross reference these items to STRYBUC part numbers!

PLEASE REQUEST OUR **ACORN PARTS LISTING**.
