

GRABO-PRO Pro-Lifter -20

Part # 59-191

GRABO-PRO Pro-Lifter-20 Kit Includes 1 GRABO, 1 Charger Carrying Case. Smart Digital Pressure Sensor & Auto Start

GRABO Pro-Lifter comes as a complete unit, with pre-installed battery and vacuum seal.

There are other accessories in the kit, including a multi-socket charger and a heavy duty carry bag. The complete kit is packaged in a functionally designed, colorful box.

Package Contents:

- 1 GRABO Pro tool (2021 model with digital display)
- 1 multi-socket charger
- 1 seal (preinstalled on the tool)
- 1 battery (preinstalled on the tool)
- 1 tough Oxford fabric carry bag
- Operator's manual in English

GRABO Pro is equipped with a robust vacuum pump. The foam rubber vacuum seal on the GRABO Pro tool is strong and resistant to loss of vacuum pressure. Once the pressure pump is activated, it creates a strong suction and firmly attaches to any non-porous flat surface. The suction is strong enough to hold firm even loads as heavy as 375 lbs.

To lift any slab of flat solid material, simply turn on the unit and place it straight on the surface. The GRABO Pro automatically monitors the vacuum, and if vacuum pressure is lost the pump is automatically powered up until the vacuum pressure is restored.

Extra Battery Available. Part # 59-191B

| Estimated maximum lifting forces as tested on different materials | | |
|---|-----------------------------|------------------------|
| | Perpendicular holding force | Parallel holding force |
| Glass | 170 kg/375 lbs | 120 kg/265 lbs |
| Ceramic tile | 170 kg/375 lbs | 120 kg/265 lbs |
| Metal | 110 kg/242 lbs | 110 kg/242 lbs |
| Plastic | 100 kg/220 lbs | 100 kg/220 lbs |
| Wood | 100 kg/220 lbs | 65 kg/143 lbs |
| Rough concrete | 80 kg/176 lbs | 80 kg/176 lbs |
| Dry cast pavers | 80 kg/176 lbs | 80 kg/176 lbs |
| Drywall | 75 kg/165 lbs | 65 kg/143 lbs |
