INDUSTRIES

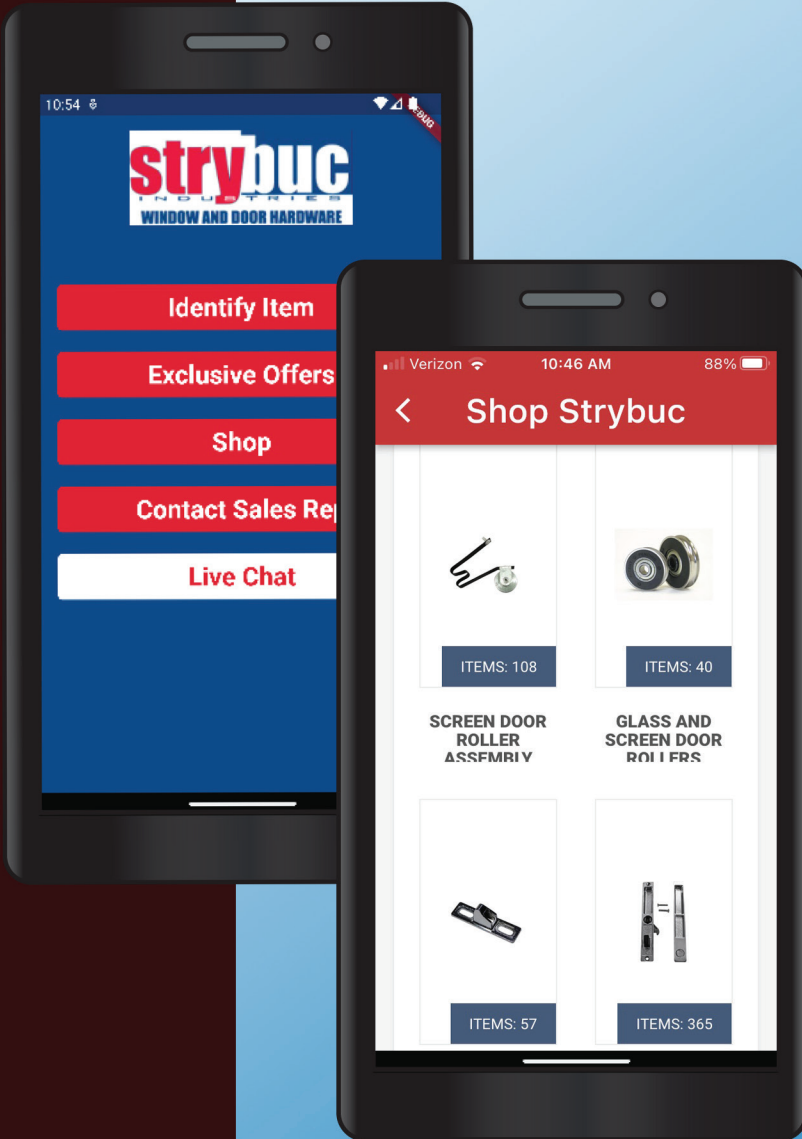

WINDOW AND DOOR HARDWARE

*Introducing the Strybuc App -
a new service for our customers*

After you download to your cell phone and login (or register), you can directly contact your assigned Salesperson, see discounted product promotions (for registered App users only), get access to your online account information and place orders, and use the “unique camera” that calculates the dimensions of product photographed, plus more.

Non-registered users can also download the App, but can only access the camera feature. To download, scan the appropriate QR code below or go to Strybuc.com and click on the link for the App.

Download to any smartphone or device. Send the product photos directly to your inside sales person and much more!
