

MULTIPOINT HARDWARE SWING DOOR QUESTIONNAIRE

Acct. #: _____ Date: _____
Customer Name: _____ Phone: _____
Address: _____ Fax: _____
Email: _____

- 1. Is the faceplate stamped with G-U or Ferco?
2. Is this for a single door or a pair of doors (French doors)?
3. What is the door thickness?
4. Do you know who manufactured your door? Do you know the age of your door?
5. What is the finish/color of your Multipoint system?
6. What is the distance from the center of the handle to the center of the key cylinder?
7. What is the door panel height (the door panel is the part that opens and closes)?
8. Is this a "Manual" (locks are engaged by lifting lever upwards) or "Automatic" (locks engage automatically when you close the door) system?
9. What is the width across of this metal faceplate?
10. Are the faceplate ends:
11. Is the key cylinder located above (American version) or below (European version) the handle?
12. Does the teardrop on your mortise gear box take a full cylinder or is there an insert in the round part of the teardrop that accepts a tailpiece to engage the deadbolt?
13. Backset: What is the horizontal distance from the center of the handle to the door edge (edge with the latch and deadbolt on it)?

14. Based on the locking options on the following #page, please put an "X" by the name of your G-U Multipoint System:

American Version (Key Above Handle)
