# Sliding Door Roller Assembly Identification Selector

Reverse Side

**Countertop Model (1 Panel):**  
45 of the most popular roller assemblies along with 5 variations of wheels available.

\*500-444-T1: one-panel/2-sides with 45 patio door rollers

## Save space using the fully loaded floor display!

Reverse Side

Reverse Side

**Floor Model (2 Panel):**  
90 of the most popular roller assemblies along with 5 variations of wheels available.

\*500-444-T2: two-panel/4-sides with 90 items

Both models come complete with assembly instructions, sign and spinning display. Each roller assembly is individually labeled with our part number for easy ordering.

## PRECISION BEARING ROLLER ASSEMBLY FOR PATIO SLIDING GLASS DOOR

1. Outer Ring - Stainless Steel
2. Reinforced Nylon
3. Precision Bearing

Part #	D	C	d	B	R	L	Load Capacity
11-212	1-1/2"	1-1/4"	1/4"	5/16"	1/8"	3/8"	100 lbs.
11-214	1-1/4"	1"	1/4"	5/16"	1/8"	3/8"	80 lbs.

### ABB Series Precision Bearing Stainless Steel Wheels

Completely new design that establishes a new level of quality for Patio Door Rollers. Design Highlights:

- Extremely smooth rolling
- Less operating force (motion to open/close)
- Less noise and vibrations
- Better corrosion resistance
- The Precision Bearing is factory greased and completely sealed
- The outer ring, that is the rolling surface of the wheel, is made of Stainless Steel to avoid any rust formation between the wheel and the track
- Using composite nylon, the Precision Bearing is assembled with the outer ring by an injection molding process

1. Outer Ring - Nylon
2. Reinforced Nylon
3. Precision Bearing

Part #	Wheel	Load Capacity
11-227	1-1/2"	70 lbs.
11-237	1-1/4"	65 lbs.
11-237A*	1-1/4"	65 lbs.

\*includes stud

### MBB Series Precision Bearing Nylon Wheels

This is an upgraded Nylon wheel that is assembled with a precision bearing as in the ABB Series. The Nylon tire is injected with fiber glass reinforced Nylon. The competitive advantages of this wheel are similar to those for the ABB Series.

- Extremely smooth rolling
- Less operating force (motion to open/close)
- Less noise and vibrations
- Higher Load capacity of 65 Lbs. per wheel (compared to 45 Lbs. per wheel on a regular 1-1/4" Nylon wheel)
- The Precision Bearing is factory greased and completely sealed

Part #	Wheel Type
900-10106NPB	Nylon
900-10106SPB	Stainless Steel

## FLUSH SLIDING DOOR TRIM

### Features and Benefits

- Flush design is ideal for exterior multi-panel bypassing sliding doors and pocketing doors
- High quality bronze base material
- Ergonomic design
- Available in ORB Lacquer and Satin Nickel finishes
- Available as full or half sets
- Designed for HLS9000 Multipoint Sliding Door Lock
- For 1-3/4" doors and 2-1/4" doors

Description	ORB Lacquer	Satin Nickel
Full Trim for 1 3/4" thick door	850-3971769	850-3971806
Full Trim for 2 1/4" thick door	850-3971777	850-3971814
Interior Half Trim for 1 3/4" thick door	850-3971785	850-3971822
Interior Half Trim for 2 1/4" thick door	850-3971793	850-3971831
Exterior Half Trim	850-3972825	850-3972817

**HOPPE®**  
Handle of excellence.

**Unlocked**

**Locked**

### HLS 9000 Features & Benefits

- Stainless Steel is highly corrosion resistant.
- Retractable hooks create a clean look on the door and jamb when open.
- Two point locking system allows for optimum locking point contact with the jamb to assure passing the most stringent forced entry testing.
- Mishandling device prevents retractable hooks from accidentally firing and potentially damaging the hardware, door or frame.
- Manual lock operation eliminates inadvertent locking of the door.
- Limited Lifetime Mechanical Warranty.
- Available in 30 mm & 35 mm backset.
- Full-length faceplate available to cover continuous.
- Faceplate with radius at top and bottom available for simplified door edge preparation on tall doors.
- Easily adjustable strikes help solve the problem of door panel movement or settling of the house.
- Exceeds the current 100,000 operational cycle testing requirements.

**3,000 hours Salt Spray Test  
Stainless Steel**

### Sliding Door Trim Features & Benefits

- Solid brass forged handles and backplates.
- Single design theme means corresponding finishes and styles for both sliding and hinged doors.
- Spring assist for easy locking of the system.
- Locked or unlocked status of the door can be easily seen from a distance due to 90 degree cylinder operation.
- Matching dummy trim available for passive panel door.
- Resista® finishes have a Limited Lifetime Finish Warranty.

Position both Security Locks within 12 inches of top and bottom on outer door flush against inner frame.

Sash Window Installation:

Position one Security Lock flush in lower corner of top window.

## SECURITY LATCH

### NARROW FOR EXTRA TIGHT CORNERS

Where moldings and jams are narrow and mounting space is limited; 3/4" shackle width.

Part #	Finish	"A"
16-185	Nickel	1-1/8"
16-185B	Black	1-1/8"
16-185BR	Brass	1-1/8"
16-185W	White	1-1/8"

### STANDARD FOR MOST CORNER APPLICATIONS

Where ample mounting space is provided; 1-1/4" shackle width.

Part #	Finish	"A"
16-186	Nickel	1-7/16"
16-186B	Black	1-7/16"
16-186BR	Brass	1-7/16"
16-186W	White	1-7/16"

### WIDE FOR OFFSET MOUNTING

Where reaches require wider shackle to bridge wide gaps between jams and moldings to wall; 2" shackle width.

Part #	Finish	"A"
16-187	Nickel	2-1/8"
16-187B	Black	2-1/8"
16-187BR	Brass	2-1/8"
16-187W	White	2-1/8"

"A" Dimension  
equals exact center to  
center measurement

- Simple to install
- Very easy to use
- Attractive finishes
- Prevents accidental locking

- Can be used on windows too
- Assures snug closure of door
- All mounting hardware included
- Reversible (Works left to right or right to left)
- Latch serves as convenient handle for door

- Makes handy latch for all regular swinging doors
- Mounts anywhere along frame for easy accessibility
- Presently being used by the hospitality industry nationwide
- Sturdily constructed (Handle made from 9/32" steel rod stock)

Double Bolt Security Lock

The CAL Double-Bolt Lock works by securing the door to the frame at 2 security points and preventing any movement of the door. With its double locking action the CAL Double-Bolt Lock makes it virtually impossible to remove the door by lifting it off its track.

The CAL double bolt lock can be used as a secondary or primary locking system on glass sliding doors. The lock can be mounted above the OEM lock to be out of children's reach or below the OEM lock to be with in children's reach. The lock can also replace the OEM lock with the addition of the OEM Replacement cavity.

## SLIDING DOOR ROLLER ASSEMBLY DISPLAY

### Countertop Model (1 Panel):

45 of the most popular roller assemblies along with 5 variations of wheels available.

**500-444-T1: one-panel/2-sides with 45 patio door rollers**

Twelve months after purchasing this display, customer will receive \$125 credit if they have purchased \$1,000 of rollers.

Both models come complete with assembly instructions, sign and spinning display. Each roller assembly is individually labeled with our part number for easy ordering.

### Floor Model (2 Panel):

90 of the most popular roller assemblies along with 5 variations of wheels available.

**500-444-T2: two-panel/4-sides with 90 items**

Twelve months after purchasing this display, customer will receive \$300 credit if they have purchased \$1,000 of rollers.

## WINDOW BALANCE IDENTIFICATION DISPLAY

**500-326**

For more info go to: [www.strybuc.com/info/Media-Room-75.html](http://www.strybuc.com/info/Media-Room-75.html)

Other Side

- Includes an assortment of 31 different series channel (Tilt & Non-tilt), tube (Tilt & Non-tilt), and constant force window sash balance samples.
- Counter top display included. (Made of plastic and shipped knocked down)
- Sign included for the top of the display.
- Balances are Velcro on so they are removable for sample identification and/or transport to site for identification. Each balance is labeled with balance series. Rack is also labeled so the balance samples can be returned to the proper position.
- Also available is a generic "Any Balance for Any Window" flyer that can be customized with your company name & address in a PDF format, to print and hand out (or e-mail) to your customers and for your sales/installation/quote personnel.
- Display rack spins around 360 degrees.
- Display size is approx. 13" wide x 13" deep x 24" high.
- Also great for sales/customer meetings, customer shows/exhibits, open house, training, and other events.
- Well worth the investment and will pay for itself in a short period of time as you increase your balance sales.

## VINYL GLAZING BEAD IDENTIFICATION RING

**500-98NEW**

The #500-98NEW Contains 126 of the Most Popular Vinyl and Metal Glazing Bead Samples Organized by Shape and Color Approximately 1-1/2" Long on a Large Stainless Steel Ring with Locking Screw Threads.

- Take the ring of beads to your job repair site so you can identify broken beads in a minute.
- Avoid the clutter of keeping your samples in a bag or box, losing pieces, and save time with the ring program.
- Each ring keeps all your glazing bead samples together and organized so you are not losing samples, and can find them all right away to identify the bead you need.
- Each bead has a label with part number on it. You can add or remove beads as you need to or reorganize the beads the way you want them.

## SPRAY-X QUARTER PALLET END CAP

**Free Freight!**

## TERMS AND CONDITIONS

TERMS	Net 30 days.
CREDIT	 &  accepted
MINIMUM	\$25.00 Excluding shipping and handling.
PRICING	All pricing subject to change. SBI reserves the right to make price adjustments due to changing market conditions, product discontinuation, manufacturers price changes, and errors in advertisements.
ORDERING	Our catalog has been designed to make ordering as easy as possible. However, if you are not a 100% sure that you have found the part you need - PLEASE SEND A SAMPLE. To help expedite your orders, please use our part numbers and include your account number on all purchase orders. Customers must specify at time of order if back orders should be canceled. Otherwise back orders will be released routinely and not subject to return.
QUOTATIONS	All quotations good for 30 days, unless otherwise specified. If an item is not shown in our catalog, PLEASE SEND A SAMPLE with any available information - such as name of manufacturer or brand name of their window or door, the type of window or door; e.g., sliding or casement. It is also important to know what function the part performs. If you are presently using a substitute item for your original part - please send both parts. We may be able to provide the original. The above information will help us reduce research time for hard to find and obsolete parts.
FINISHING	Standard finishes will be provided. Please specify if you require a particular finish.
HANDING INFORMATION	Strybuc Industries determines whether an item is left handed or right handed - by viewing it from the inside looking out. Items on your right will be right hand - items on your left will be left hand.
SUBSTITUTION	In order to satisfy need and provide our customers with the most economical and highest quality parts, we may replace catalog items with working substitutes from time to time.
CUSTOM MADE SPECIAL ORDER MERCHANDISE	In order to serve you better, we offer our machine shop facilities for items no longer available. A deposit may be required for custom made/special order material. We will not accept any returns or cancellations for custom made parts, therefore a written or faxed Purchase Order is required.
FREIGHT	No freight allowance. Shipping and handling charges are added to invoice. For "drop-ship" orders to residential buildings, higher shipping rates applied.
SHIPPING	Stock items - within 24 hours upon receipt of order. Non-stock items 3 to 8 weeks or as specified. FedEx® Delivery Service - Faster delivery options for all packages up to 20lbs. delivered within the Continental U.S.; (1) Economy Two Day <sup>SM</sup> Service. (2) Standard Overnight® Service for next day delivery. (3) Priority Overnight® Service delivered by 10:30 a.m. the next morning. Ask your Account Manager for current delivery costs.
DROP SHIP	SBI Express - Order Today, Install Tomorrow! A new program to "drop ship" directly to your customers using any of the above FedEx® Delivery Services
RETURNS	No material will be accepted without a Return Goods Authorization number (RGA# must appear outside of all cartons). Please call Account Manager for RGA#. A 25% Handling/Restocking charge will be assessed to all returns for reasons other than Strybuc errors. All returns must be made within 60 days of invoice date. Custom Made/Special Orders are not subject to return.
CLAIMS	It is your responsibility to inspect all shipments for shortages and damages (concealed or otherwise). If damage has occurred it is your responsibility to file a claim with the carrier, claims for shortages are to be filed with Strybuc Industries. All claims are to be made within 10 days.
DISCLAIMER	Photos and illustrations in this catalog are intended only to give an idea of what a product looks like. It is to identify that products use, and does not imply that the item is a genuine product of the said original manufacturer.
